

Product Release Announcement

Latest Software Release Notes, July 2025

Enhancements and Issues Fixed

Export:

- Implemented export for Users and Organizations on pages where it was previously missing.

Lists & Automation:

- Made the Persona-based condition in the User List a dropdown.
- If WebEx is enabled, provided: Contact Smart List, Drip, and Scoring conditions based on WebEx Webinars.
- Added an Account Smart List condition based on the Contacts Count.

LMS:

- **Curriculum:** Added the 'AND' condition between assets in the Sub-Chapter.
- Provided **List View** for the Course Catalog.
- **Certification:** For 'single select', when randomized options are selected, added a setting to display the number of options.

MDF:

- Implemented MDF Fund Pool functionality.

Setup:

- Super/Site Admins can now configure the banner at the top of the Events Calendar page.
- Added the ability to add filters and descriptions to multiple Organization groups.
- Provided filters for Users, including usage in filtering Users in User Reports and User Lists.

V5:

- Modified the Marketing Playbooks Admin page.

*Please note that some of the product updates described above are available in your account based on your current plan with Mindmatrix. Our team may need to enable an individual feature so you can gain access to it. If you would like to know more about adding a newly released feature to your account, email our team at support@mindmatrix.net. -- *Mindmatrix Services*
