

Product Release Announcement

Latest Software Release Notes, March 2026

Enhancements and Issues Fixed

Contacts & Accounts

- The option to show or hide the tabs on the Contacts and Accounts pages has been provided for Super Admins in the current company.

Filter Management

- Localization for the filters of Assets, Products, Solutions, and LMS has been provided.

Lists, Drips, and Scoring

- The user list, drip, and scoring conditions based on playbook completion at 0% have been provided.

Journeys

- The "Contract" asset type has been introduced as an embedded asset in Journeys.

Notifications

- The addition of Opportunity-related variables in the Opportunity System Notification templates has been enabled.

Setup

- The provision for Super Admins to show or hide the static Organization tabs in the Organization Profile has been implemented.
- The ability to select multiple records and translate them into multiple languages for Email templates has been implemented.

Sharing

- Filters for various tabs on the Sharing page have been provided.

V5

- A new design for the Accounts record page has been implemented.

View Assets

- For personalized videos, the 'delete' action has been provided on the View Assets page and in the widget.

*Please note that some of the product updates described above are available in your account based on your current plan with Mindmatrix. Our team may need to enable an individual feature so you can gain access to it. If you would like to know more about adding a newly released feature to your account, email our team at support@mindmatrix.net. -- *Mindmatrix Services*
