

Product Release Announcement

Latest Software Release Notes, May 2026

Enhancements and Issues Fixed

Imports

- The ability to import Solutions has been introduced.

Editors

- A "Schedule Resend" option has been provided for users' one-off emails.

Templates & Gallery Assets

- Banner Images have been made available when adding thumbnails to assets.

LMS & Playbooks

- A setting has been provided to hide the "My Certificates" tab on the Course Catalog.
- Thumbnails for videos and other assets in Playbooks have been made dynamic.

Exports

- The External ID field has been made optional when exporting Users, Organizations, Opportunities, Contacts, Deals, and MDF Requests (where applicable).

Setup

- In Roles, a checkbox option for "Send" and "Copy" permissions has been provided for External Links.
- Thai and Indonesian have been added as supported Portal Languages.

*Please note that some of the product updates described above are available in your account based on your current plan with Mindmatrix. Our team may need to enable an individual feature so you can gain access to it. If you would like to know more about adding a newly released feature to your account, email our team at support@mindmatrix.net. -- *Mindmatrix Services*
